M - F 2:45 pm - 10:00 pm 601 hrs \$1792

Next class begins January 25, 2016

BASIC CAKE DECORATING **Traditional**

The Basic Cake Decorating program offers an introduction to the basic art of frosting and decorating a cake. Topics include familiarization with cake decorating tools, bags, tips and an exploration into different styles of cakes. We will demonstrate how to properly torte, fill and frost a cake. Students will practice basic border techniques, decorative piping, drop flowers and leaves. The course also touches upon the basic art of covering a cake in fondant and using fondant to create decorative elements on a cake.

WEDNESDAYS 6:00 pm – 9:00 pm \$89

Next class begins January 20, 2016

BREAD BAKING **Traditional**

This course introduces the student to bread-making techniques that go beyond the recipes and raise your baking skills to a whole other level. Explore the stages of bread making and learn trade secrets for measuring, mixing, proofing and baking different types of bread, including supple French bread and rich marble rye. Learn to balance time, temperature and ingredients to create delicious, fresh breads in your own kitchen.

WEDNESDAYS 6:00 pm – 9:00 pm \$TBA

Next class begins Fall of 2016

GARDE MANGER: THE COLD KITCHEN **Traditional**

This program is an introduction to the fine art of “Garde Manger”. Travel through the world of garnishing, fruit and vegetable carving, buffet, platters, setups, salads, sandwiches and the land of “charcuterie” which includes sausage making, patés and terrines and so much more. Join us on this delicious journey.

WEDNESDAYS 6:00 pm – 9:00 pm \$TBA

Next class begins Fall of 2016

PLANT-BASED VEGETARIAN COOKING COURSE **Traditional**

This program is an introduction to plant-based vegetarian cooking. Learn how to change from the SAD (standard American diet) to eating whole and nutrient dense foods and learn why they are important for health. Students will prepare a multitude of delicious healthy recipes while focusing on appropriate cooking methods. Learn how to build flavor profiles, retain maximum nutrients and choose the correct combination of foods to provide a well-balanced diet. Whether you're a seasoned vegetarian or just curious you will be amazed how beautiful and flavorful your creations will be.

TUESDAYS 6:00 pm – 9:00 pm \$83

Next class begins January 19, 2016

THE WONDERFUL WORLD OF PASTRY **Traditional**

Learn how to create and present a large variety of pastry. This class will cover breakfast pastry, cookies and petit fours; French, German and Italian pastries, as well as tarts, marzipan and chocolate pastries. The class will culminate with the students presenting a Viennese Table on the final evening. How sweet it is!

WEDNESDAYS 6:00 pm – 9:00 pm \$89

Next class begins March 30, 2016

Education and Training

COUNSELOR 754.321.5709 | DEPARTMENT 754.321.5708

EARLY CHILDHOOD EDUCATION/EARLY CHILDHOOD PROFESSIONAL CERTIFICATE -*(ECPC) 600 hrs | 1 year Part-Time Hybrid

Train for a career in the Early Childhood industry. This program focuses on all elements, techniques and experiences of the early childhood profession. Completion of the Early Childhood Education program, including 480 hours of direct contact with 3-to 5-year-olds in a pre-school setting, will result in the issuance of a Florida Department of Education Early Childhood Professional Certificate (ECPC), which is accepted for the DCF (Department of Children and Families) Staff Credential. Students who complete the Early Childhood Education/Early Childhood Professional Certificate Program are prepared to pursue the national/CDA credential.

Information Technology (continued)

CLOUD COMPUTING & VIRTUALIZATION -*- 900 hrs | 9 months **Distance**

Counselor 754.321.5840

Cloud Computing and Virtualization prepares students to work with the emerging industry of cloud computing. Master emerging cloud technologies, architecture design, infrastructure and network fundamentals. Students will learn how to adopt, operate and govern the various technologies and business models related to virtualization and cloud computing. Students will prepare to successfully complete the Cloud+ and VMware certification exams.

This program is 100% online.

M - F 9:00 am - 4:00 pm 594 hrs \$1862

DIGITAL MEDIA TECHNOLOGY -*- 750 hrs | 10 months **Distance**

Counselor 754.321.5832

This program offers relevant technical knowledge and skills needed to prepare for careers in technical digital media positions. The content includes, but is not limited to, the creation, packaging and delivery of digital media using *Photoshop*, *InDesign*, *Illustrator* and *Premiere*.

This program is 100% online.

M - F 5:00 pm - 9:00 pm 396 hrs \$1238

GAME/SIMULATION/ANIMATION PROGRAMMING -*-

600 hrs | 6 months **Distance**

Counselor 754.321.5840

The student will learn programming fundamentals, game design, set design, animation, and game engine development, as well as how to make games and simulations that are dynamic using *FLASH CS5*, *Game Maker* and *Unity3D*. The student will be prepared to join the game industry in varied roles as a game programmer, game designer and software developer.

This program is 100% online.

M - F 1:00 pm - 7:30 pm 594 hrs \$1862

NETWORK SUPPORT SERVICES -*-

1050 hrs | 10 months **Traditional**

Counselor 754.321.5840

Local Area Networks, as well as the internet, consist of routers, switches and servers communicating through the implementation of routing protocols in the LAN and WAN. The Network Support Services Program prepares you to meet the challenges of computer diagnostics, LAN development and WAN integration. Earn your Cisco CCNA, CompTIA, A+ and Network+ certifications and develop hands-on skills that make you a leader in the field of technology. Topics include: subnetting, routing, (RIP, EIGRP, OSPF), wireless, logical and topological design, VLAN, access control lists, and troubleshooting using a layered model.

M - F 8:00 am - 2:30 pm 594 hrs \$1862

JAVA DEVELOPMENT & PROGRAMMING -*-

1200 hrs | 12 months **Distance**

Counselor 754.321.5840

This course includes but is not limited to the fundamentals of programming and software development, procedural and object-oriented programming, creating regular and specialized applications using the Java programming language, including testing, monitoring, debugging, documenting and maintaining Java computer applications.

This program is 100% online.

M - F 1:00 pm - 7:30 pm 594 hrs \$1772

WEB DEVELOPMENT -*-

1050 hrs | 10 months **Hybrid**

Counselor 754.321.5840

Unlock the secrets of web development in all its forms by designing, coding and publishing websites that can work in mobile, tablet and desktop formats. To create websites that are dynamic and engaging, the student will use the cutting edge tools: XHTML, CSS, JavaScript, Photoshop, Dreamweaver, WordPress, CMS and SEO. Develop a real world portfolio using all your acquired skills to gain entry-level employment as a web designer, developer and programmer.

There is an online component to this program.

M - F 8:00 am - 2:30 pm 594 hrs \$1802

Marine Technologies

COUNSELOR 754.321.5840 | DEPARTMENT 754.321.5739

MARINE SERVICE TECHNOLOGIES - *- 1350 hrs | 12 months **Hybrid**

Do you have a passion for boats? Why not consider a career in Marine Service Technology? Due to the popularity of the boating industry in South Florida, there will always be a high demand for Marine Service Technicians. McFatter's one-year Marine Service Technology program will prepare you for a career in the pleasure boating arena by providing the knowledge and skills necessary to service and overhaul these watercraft. The program is divided into (6) six courses, covering such topics as Electrical Fundamentals, Marine Rigging, Outboard Engines, Fuel Injection Principles, Stern Drives and Inboard Engines. Students must exhibit the strong reading, math and computer skills necessary to complete portions of the program, and must possess a strong mechanical aptitude to prove hands-on mechanical competency.

M - F 8:00 am - 2:30 pm

Next class begins August 2016

Medical Technology

DEPARTMENT 754.321.5741 or 754.321.5751

DENTAL LABORATORY TECHNOLOGY - *- 2040 hrs | 18 months **Hybrid**

Counselor 754.321.5891

Upon completion of this program, the student will be knowledgeable in oral anatomy, complete denture prosthodontics, removable partial restorations, orthodontics/pedodontics, fixed restorations (crowns and bridges) and ceramics. Completers of this program will sit for the Recognized Graduate (R.G.) Examination. After two years of employment in the field, they are eligible to take the Certified Dental Technician's (CDT) Examination.

M - F 8:00 am - 2:30 pm 594 hrs \$1903

ELECTROCARDIOGRAPH TECHNOLOGY - *- 465 hrs | 5 months **Hybrid**

Counselor 754.321.5891

This program is designed to prepare students for employment as electrocardiograph aides, electrocardiograph technicians, EKG technicians, cardiovascular technologist and technicians or to provide supplemental training for persons previously or currently employed in this occupation. The content includes but is not limited to communications and interpersonal skills, human anatomy and physiology with emphasis on cardiac and vascular systems, medical terminology and transcription, patient care techniques, medical instrumentation, cardiovascular drugs, interpretation of monitoring and testing results, medical ethic, cardiac wellness and rehabilitation, safe and efficient work practices, CPR and employability skills.

M & W 4:00 pm - 10:30 pm and

T & Th Online 462 hrs \$1407

MEDICAL ASSISTING -*-1300 hrs | 10 months **Hybrid**

Counselor 754.321.5891

Join the growing medical field as a Medical Assistant. Learn office skills, laboratory skills, phlebotomy and EKGs to work as a multi-skilled professional in a hospital, clinic, doctor's office or medical laboratory.

There is an online component to this program.

M & F Online and T - Th 8:00 am - 3:30 pm

Next class begins August 2016

**NURSING ASSISTANT -*-**120 hrs | 4 weeks **Hybrid**

Counselor 754.321.5753

Wherever there is a need for personal care, Certified Nursing Assistants (CNA's), nurses aides or orderlies are there. Nursing assistants are the caregivers who, for the most part, help patients of all ages perform the most basic day-to-day tasks. CNA's work in a variety of healthcare facilities such as nursing homes or home settings under the direct supervision of a nurse. Since they have extensive daily contact with each patient, they play a key role in keeping the nurse up-to-date on the patients' conditions, while performing such tasks as, but not limited to, dressing, bathing, feeding, bed-making, toilet assisting, taking vital signs, assisting with walking and safety. This is an excellent short-term course that offers great rewards. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination.

There is an online component to this program.

Day class begins monthly. Choose from:

1/11-2/8, 2/18-3/16, 3/28-4/22, 4/25-5/20

M - F 8:00 am - 2:30 pm 120 hrs \$402

OPTOMETRIC ASSISTING -*-1080 hrs | 10 months **Hybrid**

Counselor 754.321.5891

Prepare for a rewarding, in-demand career in Vision Care by learning the skills to assist an Optometrist or an Ophthalmologist. Students learn the procedures and equipment used in diagnosing and treating eye and vision deficiencies and office procedures to work in an eye doctor's office or clinic. In addition, students will also learn the skills needed to assist the patient in selection, fitting and dispensing of eyewear. First three (3) weeks of the program are in a blended online format.

M - F 8:00 am - 2:30 pm

Next class begins August 2016

**PATIENT CARE ASSISTANT -*-**290 hrs | 2 months **Hybrid**

Counselor 754.321.5753

Patient Care Assistants (PCA's) receive additional training that expands the traditional role of the nursing assistant. This training includes an increase in laboratory hours, a component related to home health and a component related to caring for patients in hospitals. Under the direct supervision of a nurse, the PCA will come in direct contact with the patient in the performance of their assigned duties for clients in their home, a hospital or a nursing home. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination. Completion of this program also qualifies the student to be given advanced standing in McFatter Tech College's Practical Nursing and Patient Care Technician programs.

There is an online component to this program.

M - F 8:00 am - 3:30 pm 282 hrs \$874

Medical Technology (continued)

PATIENT CARE TECHNICIAN -*- 600 hrs | 6 months **Hybrid**

Counselor 754.321.5753

This program offers advanced training for employment in various healthcare facilities under the direct supervision of a professional nurse. The Patient Care Technician (PCT) will come in direct contact with the patient while performing assigned duties for clients in their homes, hospitals or nursing homes. Students also receive supplementary training in 12-lead EKG, basic phlebotomy techniques and rehabilitation aide training. Upon completion of the program, the student may take the State Nursing Assistant Certification Examination. Completion of this program and other requirements qualifies the student to be given advanced standing in McFatter Tech College's Practical Nursing program.

There is an online component to this program.

M - F 8:00 am - 3:30 pm 594 hrs \$1814

PHARMACY TECHNICIAN -*- 1050 hrs | 10 months **Hybrid**

Counselor 754.321.5891

Prepare for the interesting world of a pharmacy technician. Develop a working knowledge of pharmacology, pharmacy calculations, pharmacy law, community pharmacy practice, hospital pharmacy practice and USP-797 IV sterile preparation. This is a course that combines theory, lab and clinical experience in both Community and Hospital Pharmacy. Students will work with licensed pharmacists and technicians in their clinical area to get valuable hands-on experience needed to obtain a job in any discipline of pharmacy. The course offers a review for the national **Pharmacy Technician Certification Exam (PTCE)**. This pharmacy technician program is accredited by the **American Society of Health-System Pharmacists** students to pursue jobs in a community pharmacy, hospital pharmacy, mail-order pharmacy, home infusion pharmacies, drug reps and much more.

There is an online component to this program.

M - F 8:00 am - 2:30 pm

Next class begins August 2016

PHLEBOTOMY -*- 165 hrs | 8 Weeks **Hybrid**

Counselor 754.321.5891

If you like a challenge and responsibility, work well under pressure and communicate effectively, this course is for you. As a phlebotomist, you must be able to deal well with patients, and be able to calm them. Safety is key, and all safety precautions must be taken to prevent the transmission of infectious diseases. The student will learn content that includes, but is not limited to, communication and leadership skills, human relations, employability skills, performance of safe and efficient work practices in obtaining adequate and correct blood specimens by capillary or venipuncture while maintaining the integrity of the specimen in relation to the test to be performed, preparing blood smears, labeling specimens accurately, observing safety policies and procedures, emergency procedures including CPR, medical terminology, delivering a variety of clinical specimens to the lab, sorting and recording specimens, centrifuging specimens and preparing collection trays for specimen procurement. The phlebotomist works in blood banks, hospitals, clinics and other medical facilities, drawing blood from patients in preparation for medical testing.

There is an online component to this program.

M&W Online

T&Th 4:30 pm - 10:30 pm 165 hrs \$521

Choose from 1/11-3/3 or 3/28-5/17

Practical Nursing

COUNSELOR 754.321.5753 | DEPARTMENT 754.321.5751

PRACTICAL NURSING - *- 1350 hrs | 12 months **Hybrid**

Train to become a licensed Practical Nurse working in a variety of healthcare settings. A licensed Practical Nurse is responsible for patient care, and works under the supervision of a physician or registered nurse in long-term care facilities, hospitals, clinics, physicians' offices, home health and hospice agencies.

Applicants should have the ability to handle responsibility and be interested in caring for patients of all ages. Under an articulation agreement, graduates may advance into the Registered Nurse program at Broward College.

Student Success Story

Clarel Rankine

Twenty years ago, Clarel enrolled in McFatter's Dental Laboratory Technology program. Upon completion of the program, she worked in both commercial and private labs doing porcelain fused to metal crowns, Empress, Imax, waxing, stain, glaze metal finish and implants, all part of the curriculum at that time. After giving birth to her son (inset), who just happens to be a current McFatter Technical High School student, she continued to work in the dental field on a part-time basis, allowing her the flexibility to spend more time with her son. Years later, looking to broaden her knowledge in the field of computers, Clarel enrolled in the Web Development program at McFatter, graduating in June of 2015. Since August of 2015 she's been employed at the 3DCart Software Company, and has also started her own web design business. Congratulations to Clarel on her success in not one, but two fields of study at McFatter Technical College!

REGISTRATION INFORMATION

CONTACT OFFICE OF ADMISSIONS FOR MORE INFORMATION

- Each semester has a \$30.00 non-refundable registration fee (*lab fee, and applicable insurance fee for Health Science Programs*)
- There is an annual \$10.00 Student Activity Fee.
- Tuition and lab fees are subject to change by the Florida Legislature and/or the Broward County School Board.
- Semester Length is 18 weeks.
- Classes are subject to cancellation if minimum enrollment is not met.
- Proper I.D. for testing is required.
Example: Valid Florida Drivers License, valid passport and/or a valid Florida I.D.
- Fees listed are for Florida residents.
