Digital Media/ Multimedia Design Technology

Would you like to have a job that is never boring? Would you like a job that uses cutting-edge software and technology? Then Digital Media/Multimedia Design is the career for you. Upon completion of the Digital Media/Multimedia Design Technology program, you will have expertise in creating publications and web sites, video editing with special effects, and 3D animation. Over the next few years, in excess of 37,000 career opportunities in this field will be available. One of them is waiting for you!

*Students will be required to purchase additional softwares throughout the program.

PROGRAM DESCRIPTION

Technical Certificate Program (VA)
1050 Hours | 10 Months | Hybrid

Full-Time:

Monday - Friday, 8:00am - 2:30pm

COURSES

- Theory and Foundations of Design 150 Hours
- Multimedia Digital/Print Designer 300 Hours
- Multimedia Web Interactive Designer 300 Hours

PROGRAM SOFTWARE

The software that the student will be working with includes:

- **Photoshop** - The leading photo editing software in the world today!
- **Illustrator** - Turn your drawings into electronic illustrations or create illustrations right in the computer.
- **InDesign** - If you have ever designed a flyer or brochure and not used InDesign, get ready to be blown away with what this incredible software will do.
- **Flash** - The software that Hollywood uses to create the 2 dimensional cartoons that you see on TV.
- **Dreamweaver** - Have you ever gone surfing on the internet? If you have, most of the web sites that you have surfed were created with this legendary software.
- **Premiere** - Ever wanted to create a music video? This is the video editing software that will make it awesome.
- **After Effects** - If you have not worked with After Effects and you think you know what cool video effects are - you have not seen anything yet.
