## ACADEMIC POLICIES

### BASIC SKILLS REQUIREMENTS & PREREQUISITES

Broward Technical Colleges admit as postsecondary (adult) students those individuals who have completed their secondary school education or who are beyond the age of compulsory attendance. Anyone having the interest and ability to benefit from a career training program will be accepted on a non-discriminatory basis. Prospective students must complete an orientation and take an academic assessment unless exemption criteria have been met. There is a fee for the initial assessment. Once results are received, students meet with a program counselor/advisor to discuss educational options.

Students may be exempt from meeting the basic skills exit requirements if: a student possesses a college degree at the applied science level or higher from a regionally accredited institution; a student has completed, with appropriate scores, the Accuplacer, ACT, SAT, PERT or met the appropriate score on the Grade 10 FCAT 2.0 (exempts Reading and Language); a student has successfully met the requirements for an approved state, national, or industry certification or licensure examination that is identified on the Florida Department of Education Basic Skills and Licensure Examination List for the program in which they are enrolled or enrolling; a student entered the 9th grade in a Florida public school in the 2003-2004 school year, or any year thereafter, and earned a Florida standard high school diploma; a student is serving as an active duty member of any branch of the United States Armed Services; or a student is enrolled in an apprenticeship program that is registered with the Department of Education in accordance with the provisions of Chapter 446. In addition, per State Board Rule 6A-10.040, Section 4, a student may apply for a waiver from meeting

the minimum basic skills for the technical program in which they are enrolled. This provision allows for program completion by students with disabilities that meet the requirements of their career education program, even if they cannot meet the basic skills requirements.

Program prerequisites may vary because of occupational requirements, School Board policy, and/or licensing regulations. Licensure programs that require a high school diploma or equivalent for entry do not accept correspondence diplomas or diplomas from non-accredited schools. Students with foreign transcripts are responsible for obtaining their own translation and evaluation which may be completed by outside agencies. Students should note that just a translation of their foreign transcript is not sufficient; their educational records must be certified "as being the equivalent to a secondary and/or postsecondary education in the United States."

In accordance with requirements set forth by the Joint Commission and the Jessica Lunsford Act, students applying for entrance to any health science program that requires a clinical experience in a hospital, nursing home, or other health care facility must submit to a Level II criminal background check and a drug screening test. The applicant is responsible for paying the costs for both tests. The results of said tests may prevent the applicant from entering the program. The denial of entry in a program would be necessary due to the student's inability to access clinical facilities for training purposes required as a part of the instructional program.

Other programs may also require drug screenings or fees for liability or other insurance. Applicants are responsible for paying these costs.

### ATTENDANCE POLICIES

It is the responsibility of Broward Technical Colleges to prepare our students for the workforce by teaching them the skills necessary to be successful employees. Business and industry recognize that the single most important trait for career success is good attendance. The following attendance rules are the minimum acceptable standard to be successful in all Certificate and Applied Technology Diploma (ATD) programs at Broward Technical Colleges.

All postsecondary students will assume responsibility for making up missed assignments in a timely manner in order to stay current with the program progression.

It is the intent of Broward Technical Colleges to provide the best educational opportunity possible that will prepare individuals to make a positive contribution to their chosen occupation. It is expected that

every Workforce Education student will demonstrate attendance habits consistent with the expectations of the workplace. Instructors and counselors/advisors may offer intervention strategies where attendance is affecting the educational progress of the student.

**Note that attendance policies for VA students are different. Please refer to the section on Veterans Education for VA policies.**

## CERTIFICATE & ATD PROGRAMS

### Total Absences

A student must be withdrawn after being absent for six (6) consecutive days. The student will be withdrawn on the seventh (7th) day, which will be recorded as the withdrawal date.

Two (2) additional absences may be allowed for: court appearance, death in family, illness, or hospitalization; the duration of jury duty will be exempt when official documentation is provided. If the student is unable to present documentation before the absence occurs then they must present appropriate documentation to the instructor and program administrator before re-entering class.

### Interventions

Students who reach an intervention point within an enrollment period as indicated by a pattern of non-attendance shall be counseled either by the instructor, program counselor/ advisor, or department head. An attendance/educational contract may be completed by the instructor, program counselor/advisor, or department head.

### Probation

Students who have been withdrawn for attendance reasons may not re-enter their program without meeting with their program administrator. The administrator may refer the student for counseling and notify the student that he/she will be placed on probation for the remainder of the enrollment period at the administrator's discretion. If any further absences occur, the student will be withdrawn and will not re-enter until the next enrollment period. Any student who is withdrawn from a program three (3) times within twelve months will not be allowed to re-enter that program for a period of two (2) consecutive enrollment periods. It may be necessary for students to wait until it is academically appropriate to re-enter if the course they are enrolled in is not being taught at the time they are eligible to re-enter.

### Authorized Leave

Students may apply for one (1) Authorized Leave through their program administrator each year. The maximum length of time for the leave is the remainder of the current enrollment period. Students must clear all financial obligations before an Authorized Leave is approved.

### Tardies

Tardies are defined as a student not being present in the classroom for the scheduled class hours printed on his/her schedule receipt. Attendance at Broward Technical Colleges is recorded in positive half hour increments. If a student is tardy more than three (3) times, he/she will be referred to his/her counselor/advisor or administrator.

### Denial of Re-Registration

If it is determined by the instructor and counselor/advisor that a student has not made adequate progress within an enrollment period due to poor attendance or because missed assignments (class or lab work) have not been satisfactorily completed, the student may be denied the ability to re-register for the next enrollment period. Administrative approval is required to deny or rescind re-registration privileges and to determine when it is academically appropriate to re-enter the program.

### ABE, GED®, AAAE & ESOL

The following attendance policy has been established by the Department of Education.

- A student must be withdrawn after being absent for six (6) consecutive days.
- There are no excused absences.
- Students will be withdrawn on the seventh (7th) day.
- Withdrawn students may re-enter in the same class if space is available.
- Students will be limited to one (1) re-entry per enrollment period.

### Distance Learning

Each online or hybrid certificate/ATD program will provide students with a syllabus and pacing chart outlining assignments, due dates, and the comparable number of hours the student would have completed in a classroom as they relate to program courses or Occupational Completion Points.

In addition to maintaining satisfactory progress according to the course syllabus and pacing chart, it is expected that students will also maintain attendance/activity in the online or hybrid program. These may be defined as logging into the online program, e-mailing, attending web conferences, having telephone or in-person conversations with instructors, turning in assignments when due, and attending any scheduled classroom sessions if included as part of the program. A student will be marked absent when work is not submitted on time.

Pro-rated attendance hours will be deducted when only partial work for the week is submitted.

Students who have one (1) week of inactivity during the enrollment period will be contacted by the instructor or the program counselor/advisor. The instructor will maintain documentation of this contact. Upon completion of the second week of inactivity during the enrollment period, the student will be withdrawn.

### EVALUATIONS & GRADES

Broward's Technical College students are evaluated on their performance in the classroom and/or in the lab. Upon request, transcripts of completed courses are also available through the Office of Student Affairs. The following system of grading shall be used.

- A - 90 - 100%
- B - 80 - 89%
- C - 70 - 79%
- D - 60 - 69%
- F or Incomplete - 0 - 59%

In many programs the final grade and/or issuance of a Certificate of Completion will be determined by a combination of test scores and successful mastery of laboratory and/or clinical competencies. If a student does not complete all course work during the enrollment period due to extenuating circumstances, the teacher, may apply an "I" and execute a contract between the student, teacher, and counselor defining the terms for awarding a grade of A - F dependent on student performance. Students may view their progress through the Broward Focus System. Grades will be issued upon completion of each course in a program.

### Experiential Credit

Students entering Workforce Education Certificate and Applied Technology Diploma programs may be eligible to receive Experiential Performance Awards within their program of choice. Experiential Performance Awards will allow students to accelerate the instructional process by applying past experiences toward competencies taught in the program. Performance awards may be granted for appropriate course work from regionally accredited educational institutions, and/or significant life experiences such as work experiences, volunteer work, military service, or self-directed study. Specific criteria will be followed in order to consistently evaluate and grant Experiential Performance Awards. Prospective students requesting experiential credit must schedule an appointment to meet with the assigned counselor, teacher, and department head to ensure proper documentation and placement. Administrative approval may be required prior to registration.

### TRANSFER POLICY

Students with previous technical training from other institutions may receive credit for that training.

A transcript from a Florida public institution documenting Course Completion and/or Occupational Completion Points achieved for a specific technical program will be accepted in transfer at the receiving institution for the same technical program. A transcript from a non-public institution that is fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participates in the common course designation numbering system will be accepted in transfer at the receiving institution for the same course/program.

A transcript from a non-accredited institution will be evaluated on an individual basis by the department head, instructor, and program administrator to determine if advanced placement in a given program is applicable.

## WITHDRAWAL

Students who register for a class yet fail to attend within the first five (5) days of the enrollment period will be withdrawn, making that seat available to another potential student.

Students should report their intentions to withdraw from school to their teacher, the Office of Student Affairs, the Student Financial Services Office and/or any other additional funding or support services.

Students who are receiving Title IV (Pell Grant) funds and withdraw from their program, will receive a refund based on the Federal post-withdrawal calculation formula. For additional information, please see the Financial Aid Office in the Office of Student Affairs.

## CERTIFICATES

The awarding of a Certificate of Completion or Applied Technology Diploma is governed by the Florida Department of Education, and is based on successful completion of the requirements of the program, including applicable state mandated basic skills requirements. Instructors use a variety of specific competency-based examinations and performance criteria to determine program completion.

If the District decides not to amend the record as requested, the District will notify the parent or eligible student of the decision and advise him/her of his/her right to a hearing within 45 calendar days regarding the request for amendment.

Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

FERPA permits disclosure without consent in many situations, including to a school official with a legitimate educational interest pursuant to a court order or a subpoena, and if disclosure is made in response to a court order or subpoena, you will be notified, except where the law prohibits said notification. In addition, FERPA permits several other types of nonconsensual disclosures, including to appropriate parties in connection with an emergency if necessary to protect the health or safety of the student or other individuals, and governmental agencies.

### **EVACUATION PLAN**

An evacuation plan is posted in each classroom/lab, and drills are held approximately ten times throughout the year. For maximum safety/security, each campus employs security specialists and uses 24-hour camera surveillance.

### **DRUG ABUSE PREVENTION**

The Drug-Free Schools and Communities Act requires the annual distribution of information related to the unlawful possession, use, sale, or distribution of illicit drugs and alcohol to each student taking one (1) or more classes. The School Board of Broward County, Florida adopted the Student Drug Information Packet pursuant to the requirements of the Drug-Free Schools and Communities Act and Title IV. The information contained herein is provided in compliance with this Act and should be read carefully.

### Standard of Conduct

The School Board of Broward County, Florida, through the Conduct and Discipline Code for Adult Students in Career, Technical, Adult, and Community Education, prohibits the use, possession, sale, or distribution of alcohol, marijuana, and other mood altering substances, while under its jurisdiction.

### Illicit Drug Offenses

Florida Law prohibits any person from selling, purchasing, manufacturing, or delivering, or to possess with the intent to sell, purchase, manufacture or deliver, a controlled substance in, on, or within 1,000 feet of the real property comprising a public or private elementary, middle, or secondary school, technical college or community school. Any person who violates this provision shall be guilty of a felony of the first degree, and shall be sentenced to a minimum enrollment period of imprisonment of three (3) calendar years and shall not be eligible for parole or statutory gain time prior to serving such minimum sentence.

### Major Adverse Effects of Substance Abuse

**TOBACCO** - 1 in every 5 deaths in the United States is caused by cigarette smoking. Tobacco in all forms is highly addictive due to the presence of nicotine. Smoking tobacco causes oral, throat, and lung cancer, chronic obstructive lung disease (COPD), increased risks of heart attacks and strokes, high blood pressure, and premature aging. Second-hand smoke is also harmful. Chewing tobacco causes oral, esophageal, and stomach cancer. There are many programs and several medications to help people quit using tobacco. Quitting significantly decreases the risk of developing cancer, even after many years of smoking.

**MARIJUANA (i.e. weed, bud, hash)** - Effects on the brain from marijuana's primary active agent, THC, are similar whether it is smoked, or consumed in food. Nine percent (9%) of all users become dependent and some experience an unpleasant withdrawal syndrome when they try to stop, which can lead to relapse. Marijuana impairs memory, coordination, and judgment and may cause extreme anxiety, paranoia, and psychosis in the short-term. Intoxication while driving significantly increases the risk of causing an accident. In the long-term, it is associated with cognitive impairments and poor educational outcomes, including higher rates of dropping out of school. Lower IQs are seen in adults who frequently used marijuana as adolescents. Its use is also associated with anxiety and depression. Smoking marijuana is associated with higher risks of chronic bronchitis and upper respiratory tract infections, but whether or not it causes lung or other cancers is still unclear.

**DEPRESSANTS/SEDATIVES (i.e. alcohol, barbiturates, benzodiazepines, methaqualone)** - Numerous depressants/sedatives are potentially addictive, including those in parentheses. After prolonged abuse, a life-threatening withdrawal syndrome can develop from trying to quit or decrease the amount used. They impair attention, memory, coordination, judgment, impulse control, and consciousness. At higher doses, they can cause excess sedation, unconsciousness, respiratory depression, and death, although death from benzodiazepine abuse is unlikely unless it is mixed with another depressant. Alcohol abuse is strongly associated with depression, increased accident rates, and violence. Alcohol is toxic, particularly to the liver, heart, pancreas, and brain, and increases the risk of a number of cancers and other medical complications, including GI bleeding, painful inflammation of the pancreas, liver disease, and seizures. There are many effective programs and a number of medications to help people stop abusing alcohol.

**OPIATES and OPIOIDS (i.e. heroin, morphine, methadone, codeine, oxycodone, hydrocodone, hydromorphone)** – All opiates and opioids can be highly addictive. Withdrawal can be extremely unpleasant and create an obstacle to quitting, but its symptoms are treatable and typically not life-threatening. Intoxication involves apathy and impaired attention, in addition to pleasurable effects. At higher doses, they can cause unconsciousness, respiratory depression, and death. An overdose can usually be reversed with a medication called naloxone, if it is given soon enough. A common and unpleasant side-effect of frequent use is constipation. Intravenous use ("shooting it"), particularly if there is needle-sharing, increases the risk of skin and blood-borne bacterial infections (i.e. endocarditis) and of contracting HIV and hepatitis B and C.

**STIMULANTS (i.e. cocaine, crack, methamphetamine)** - Stimulants carry a high risk of addiction. Intoxication may cause dangerously high blood pressure and abnormal heart rhythms, acutely increasing risk of heart attack and stroke. Use also increases risk of seizures and may cause insomnia, anxiety, distractibility, confusion, tic-like behaviors, severe mood swings, agitation, paranoia, and psychosis (e.g. delusions, hallucinations, disorganized thoughts). The initial euphoria of use is often followed by a "crash" involving lethargy, loss of motivation, irritability, and depression. Snorting cocaine can cause destruction of the nasal septum ("perforation"), smoking crystal meth is associated with severe periodontal disease ("meth mouth"), and smoking crack is highly destructive to the lungs ("crack lung"). Intravenous use carries the same risks as for the opiates.

**HALLUCINOGENS** (i.e. PCP “angel dust,” ketamine “special K,” LSD “acid,” psilocybin “mushrooms,” MDMA “ecstasy”) - This is a class of drugs with many chemically dissimilar agents that all significantly alter mood and sensory perception, causing hallucinations, dissociative experiences, and alterations in sense of time. Use of PCP, LSD and MDMA can unpredictably lead to highly disturbing and/or violent psychotic episodes (“bad trips”). Use of LSD may lead to long-lasting perceptual changes, or “flashbacks.” They may indirectly lead to legal problems, injury or death by impairing perception, judgment and impulse control.

Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and to include certain policies, procedures, and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in the ASR beginning with the ASR that must be provided to students, employees, and prospective students and employees by October 1, 2014. ### VISITORS AND CHILDREN ON CAMPUS

School Board Policy 1400 encourages the public to visit schools. To comply with the requirements of the Jessica Lunsford Act and to ensure the safety of our schools, the District has implemented the computerized STAR (Security Tracking And Response) System, a national database used to identify sexual predators - as a tool to screen visitors, volunteers and mentors.

Visitors to all campuses must first go to the Administration Office to be processed through the STAR System. A visitor's name/photo I.D. badge is produced from this system and visitors are asked to wear the badge

while on campus. As a safety precaution, visitors are not permitted in classrooms without permission.

The policy prohibits any solicitation of teachers or students on school premises by salespeople, agents, or others. Loitering and/or trespassing on school premises during school hours by individuals not associated with the school shall not be tolerated. The appropriate Police Department or Sheriff's Department will be notified upon such occurrences.

Students are not permitted to bring children into classes with them or to permit children to wander unsupervised in any area of the campus. Children must be at least twelve (12) years of age to receive barbering services and at least sixteen (16) years of age to receive services in the cosmetology laboratory.

## GRIEVANCE PROCEDURES

The School Board has an approved grievance procedure for adult students. The procedure provides for a resolution of student grievances for students who may feel that they have been treated unfairly under the Conduct and Discipline Code for Adult Students in Career, Technical, Adult, and Community Education or other rules and regulations.

Some students may feel that they have been treated unfairly under this Code and other rules and regulations. The following steps provide a fair resolution of student grievances.

The grievance procedure and timeline shall proceed according to the following rules and regulations:

Level 1 – School

- a. Teacher – Non-instructional

- b. Counselor
- c. Assistant Principal/Assistant Director
- d. Principal/Director

Level 2 – District Designee

Level 3 – Superintendent/Designee

The first step taken by the student MUST be with the member of the staff involved in the alleged unfair action. If the grievance is not resolved after initial contact, the adult student may involve any other person of the student's choice in a conference with the member of the staff involved.

If the grievance has not been resolved through the levels up to and including a conference at the principal's/director's level and the student wishes to proceed with the grievance, the student must submit a written statement to the principal/director within five (5) school days of the principal/director verbal denial.

The statement at this level and all subsequent levels must include:

1. name(s) of any person(s) involved;
2. date(s) on which the student feels there was unfair treatment;
3. a brief statement as to why the student feels there was unfair treatment;
4. what corrective action the student would like to see taken;
5. copies of appropriate supporting documentation, which may include, but not necessarily be limited to, the following:
  - a) letter(s) requesting previous hearings and the actions taken;
  - b) letter(s) of reference and witness statement(s);
  - c) student papers, student work, grade reports, etc.;
  - d) attendance record and medical statement(s).

The student shall receive a written response to the statement from the principal/director within five (5) school days.

Following receipt of the written denial of the grievance by the principal/director, if the student wishes to proceed further with the grievance, the student and/or his/her representative(s) shall, within five (5) school days, request in writing an appointment with the District designee and shall include a statement of the grievance as outlined above.

The District designated representative shall have the authority and responsibility for establishing a meeting time not later than five (5) school days following receipt of the initial written contact by the student and/or his/her representative(s), the member of the staff involved, the principal/director and the District designee or their representatives, and any legal representative(s) desired.

If a decision is not reached at the meeting, all parties involved shall be notified of the District designee's final decision by mail within five (5) school days following the meeting.

Should the District designated representative fail to support the grievance, the student and/or his/her representative(s) may proceed to petition the Superintendent, following the same time schedule and procedures established above. The Superintendent/designee, in turn, must follow the same time schedule and procedures established above.

Should the Superintendent/designee deny the grievance, the student and/or his/her representative(s) may appeal to the School Board, following the same time schedule and procedures established above. The School Board shall hear the grievance at the first School Board meeting which occurs at least five (5) days following receipt of the written request for a hearing.

Copies of all appropriate documents shall be placed in the student's records folder.

## CAMPUS LIFE

### BOOKSTORE & TEXTBOOK BUY-BACK PROGRAM

Each college operates a bookstore as a service to students, faculty, and staff for the purchase of textbooks, workbooks, uniforms, kits and tools, book bags, t-shirts, and school-related supplies. Transactions in the bookstore require cash, credit card, or debit card. No checks are accepted. Students who have enrolled for the first time and meet Federal Pell Grant eligibility may qualify for some financial assistance towards the purchase of books and supplies.

Buy-Back is the standardized process of purchasing used textbooks from students at the end of an enrollment period. If the book is on your college's Buy-Back list for that time period, bookstore personnel will inspect each book for excessive writing, broken spine, torn pages, water damage and highlighting prior to buying back. If the book is in good condition as determined by bookstore personnel, it is eligible to be repurchased for the Buy-Back program.

The student must have been registered in the course/program to be eligible for Buy-Back and have an original receipt from the College's bookstore. Students may sell their used books back to the bookstore in the same form as the original payment. Textbooks eligible for the Buy-Back program will have their Buy-Back prices posted one week in advance of the Buy-Back period which will be the last week of each nine (9) week enrollment period and the first week of the subsequent enrollment period.

## CAFETERIA

The Commercial Foods/Culinary Arts program welcomes all students and school personnel to dine in the cafeteria. Short order and cafeteria style foods are served during designated hours. The service is a component of the course curriculum and reinforces competencies for students in this program.

Food service is entirely self-supporting and is not part of the Broward County School Lunch Program. Vending machines are located around the campus and offer a variety of snacks and beverages.

## DRESS CODE

Since the primary purpose of the technical colleges is to prepare students for employment, students are required to dress neatly, to be clean and well groomed, and to wear clothing that is appropriate for the occupation for which they are training. For certain programs, students are required to wear uniforms and/or safety apparel that may be purchased in the bookstore or from designated vendors. Uniforms must be worn properly and kept in good condition. Caps or hats that are part of the school uniform may be worn in lab areas. Other head coverings are not permitted inside buildings. Medical or religious reasons for wearing head coverings must be documented in writing and will be placed in the student's file.
