Applied Cybersecurity

Where Your Next Chapter Begins...

Program Description

Applied Cybersecurity is a hands-on program that will give students real-world security scenarios. Through this program, students will learn to identify security threats, protect computers from hackers and malware, and secure wireless networks. Instruction will focus on how to secure residential as well as business computers, and fill the demand at public and private companies to address internet security concerns in today's world. The state approved course content includes foundational knowledge and skills in computer and network security, security vulnerabilities, attack mechanisms and techniques, intrusion detection and prevention, cryptographic systems, system hardening, risk identifications, incident response, penetration testing, key management, access control, and recovery. Specialized courses focus on database security, planning and analysis, software, and web security.

Throughout this program, students will prepare for security+ and nationally recognized security industry certifications. Students will also review foundations of Ethical Hacker.

This program is offered primarily online, so students must have access to a computer with high-speed internet, 8GB of RAM, and 500GB of hard drive free space. The coursework and applications used are compatible with Windows 7 or higher.

During the first week of class face to face meetings are required on campus. Throughout the program students will be required to take exams on campus.

Prerequisites

Certificate of Completion in the Network Support Services Program or certification in CompTia A+ and Network+ or CCNA.

Admission Requirements

Schedule the Tests of Adult Basic Education (TABE) (\$15). Applicants must complete an Online Readiness Assessment during their scheduled TABE appointment.

Schedule an appointment with your program counselor for TABE and Online Readiness Assessment results and a program specific orientation.

Register for classes during open enrollment. Please be advised that registration runs on a first come, first served basis.

For additional information, please contact the Office of Admissions at (754) 321-5700.

Program Hours and Schedule

750 hours | 7 months | Distance

Monday - Friday, Online

Classes begin twice a year in August and January.

Courses

■ Cybersecurity Associate	600 Hours
■ Information Security Manager	150 Hours

Distance Education/Hybrid Courses:

Students enrolled in distance education and/or hybrid courses should have daily access to a computer with internet and must have a valid email address that they check daily. Additionally, students should have all necessary hardware and software components required by their technology program or adult education course.

Industry Certification and Licensure

- CompTia Security+
- Certified Ethical Hacker (CEH)

Employment Opportunities

- Cybersecurity Associate
- Information Security Manager

Articulation

Upon completion of the program and meeting eligibility requirements, students may be awarded credits toward an Associate of Science (A.S.) Degree or Associate of Applied Science (A.A.S.) Degree at selected Florida state colleges.

Transfer Policy

Students with prior training or experience may be eligible for advanced placement upon approval of the institution.

Financial Services

Financial Aid - Financial assistance is available to those who qualify. Visit fafsa.ed.gov to apply.

Refunds - Refunds are available within 5 days of the start of a term. After 5 days, requests must be made in writing. A student is entitled to a full refund of fees if a course is cancelled by the college. For complete information, please see School Board Policy 6607.

Grading System

The district prescribed guidelines are used to evaluate student performance as follows:

A	90-100%	D	60-69%
B	80-89%	F	0-59%
C	70-79%	I	Incomplete
